

# Time and Attendance for Pegasus Opera II

Entering hours, overtime and related details for weekly payroll is no longer a time consuming task for Pegasus Opera II users with the Time & Attendance add-on.

Time & Attendance creates a seamless integration between Pegasus Opera II and your timesheets or files generated by your electronic attendance system, enabling you to import data from multiple sources straight into Pegasus Opera II.

Developed by Technology Management, a leading Pegasus Strategic Partner, Time & Attendance is an easy-to-use yet powerful enhancement that enables you to:

- ✓ Import timesheet hours
- ✓ Import employee rate changes
- ✓ Import permanent salary changes
- ✓ Review, modify and report on imported data before updating Payroll files
- ✓ Eliminate errors associated with rekeying data
- ✓ Create user defined templates for importing data, such as weekly payroll hours or annual rate increases
