

Why we're different

# Technology Management

We're a privately-owned Microsoft Dynamics 365 partner for small to medium businesses that started up in 1992. Since then, we've transformed the processes and operations of manufacturing & distribution businesses across the UK.

And our aim has remained steadfast ever since. We've come this far because our customers *know* we want to help them - in the best way possible.

Microsoft Dynamics 365 Business Central & Dynamics 365 Customer Engagement are our tools of choice to help our customers achieve their business goals, and with over 7,500 successful projects under our belts – we are quite product-savvy!

We support over **50,000** people in more than **350** organisations throughout the UK.

## Proud of our People

We are proud to employ some of the **most innovative, enthusiastic, and talented** people in the UK. And with many of our team having **hands-on industry experience** before they joined us, we understand the challenges your organisation faces.

It's our goal to provide the **best support** for our customers not just now, but **indefinitely**.

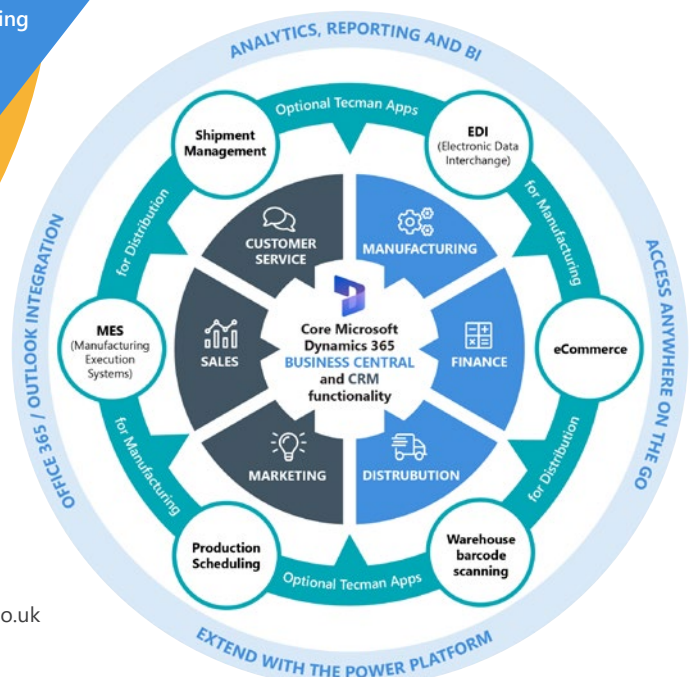

We complement our years of knowledge with **fresh thinking**, by growing our own in-house talent too. Our Graduate Academy is now in its **7th year** and we are thrilled to nurture **future industry-experts**.

Over **450** **COMBINED YEARS** of experience

developing, implementing and supporting Microsoft Dynamics ERP & CRM systems.

## End-to-end applications

Our business process improvement delivered through Microsoft Dynamics 365 will help to bring together all the parts of your organisation – so you can spend your time on the thing that matters most, growing your business.

No jargon, just better business processes

# Did you know...

We provide Microsoft Dynamics 365 applications that work seamlessly with the systems your team use every day – Microsoft Outlook and Microsoft 365.

Microsoft spends more money on Research & Development than any other competitive technology company.

Almost 10 million people use Microsoft Dynamics applications in over 390,000 organisations across 140 countries.

Our standard support hours are longer than any other Dynamics 365 Business Central partner - 10 hours a day (8am-6pm), Monday through to Friday.

# MVP

**Microsoft**  
Most Valuable Professional  
Business Applications

Our Managing Director, James Crowter, is so clued up about the solutions we provide that Microsoft have appointed him as a Most Valuable Professional (MVP) for Business Applications for the 6th year running, James is the embodiment of all things Dynamics and a recognised product expert.

## Our customers

We prefer to let our success speak for itself, so you don't need to take our word for it. See what our customers have to say about us:

We can now purchase more accurately with better visibility of stock consumption and rotation which feeds through to improved production planning.

Faccenda Foods

It's been really enlightening working with Tecman. They have been able to grip the problems we've got, suggest new ideas and ways of taking Microsoft Dynamics forward.

Slingco

Out of a shortlist of five partners, Technology Management stood out from the start – with their attention to detail and focus on truly understanding the Jura business model.

Jura Products

It is not a new IT system, it is a business simplification project. We have reinvented our business processes and Technology Management have been fundamental in helping us through that process.

C Brandauer

Since implementing Dynamics 365 Business Central and Clever WMS Handheld for Warehousing, we have reduced our inventory by approximately 25%.
